ITEM DIMENSIONS: 5x6 Pre-fabbed Sauna Room

ITEM DESCRIPTION: True to tradition, Finnleo® saunas are made in Finnish style exclusively of fine grained Nordic White Spruce. Sisu rooms are light and well-ventilated, with a subtle hint of deep Finnish forests. The extensive use of Abachi white wood makes it comfortable to the touch — even at high temperatures. Abachi has no knots or splinters and resists stains as well as odor absorption.

Pamper yourself with the soft, even heat from Finnleo®'s exclusive heater design. Direct contact between the elements and rocks eliminates the harsh metallic feel characteristic of lower-quality heaters.

Sisu Packages

With Finnleo® Saunas, you know you're buying a meticulously crafted sauna room built from a tradition of quality. Benches are assembled from the bottom with stainless steel screws, and all wall panels are blind nailed, eliminating any exposed metal in the sauna.

All doors are pre-hung and include handles and pre-installed recessed stainless steel ball catches (except the Clear Pine Door - which has self-closing hinges).

- Abachi benches, backrests, headrests, heater guard and duck boards
- Prebuilt, prefitted wall and ceiling panels — all completely blind nailed, Nordic White Spruce interior and exterior
- Prehung door, hinged left or right, premounted in its own panel, Nordic White Spruce interior and exterior
