2025-STG-RFP-01 A/E Design Services
for Repurposing of Existing Properties
ADDENDUM NO. 3

Date: 3/3/25

BID DUE DATE: March 14th, 2025 at 3 pm Alaska time. NO CHANGE

Due to the nature of the following questions, we are issuing this addendum:

Q. Please confirm the period of performance date for A&E is December 31, 2026.

A. As previously stated, and further clarified, the contract specifies that all activities including closeout actions to be completed by December 31, 2026. These activities include A&E, procurement, construction, punch list, and closeout. While there may be some flexibility with this deadline, we encourage you to plan accordingly to ensure all A&E tasks are completed to produce design documents for the rest of the project tasks to be completed by the stated completion date.

Q. Are sheet specs sufficient or are you looking for book specs?

A. Design sheets should be noted. Book specifications are needed for materials.

No other changes to the request for proposals are included at this time.
